

The chemistry test report is:

A PERSONALIZED REPORT WITH YOUR RESULTS

EASY AND QUICK ACCESS TO YOUR PERFORMANCE INFORMATION

A specific overview for your laboratory:

Your results and performance in a single table, for all parameters

SYNTHESIS OF YOUR RESULTS

Date of dispatch (D0): 09/12/2014

Date and time of receipt of parcel 1: 10/12/2014 at 09:48 (Information provided by the carrier)

The table below summarises your test results for each parameter.

Your laboratory code for this test: 44

Mean of your results	Reference value (consensus)	Standard deviation for proficiency assessment	Z-score	Accuracy ranking
2,4-D (µg/L)				
0,0125	0,0713	0,0119	-4,92	C
MCPA (µg/L)				
0,0235	0,0530	0,0105	-2,80	B
acetochlor (µg/L)				
0,0680	0,0993	0,0185	-1,69	A
aclonifen (µg/L)				
0,1215	0,1049	0,0247	+0,67	A

Easy to find your performance information

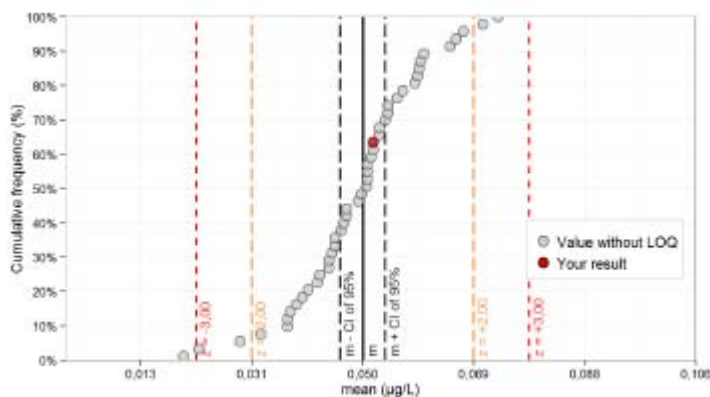

Quickly identify any non-satisfactory result

A thorough yet concise review of your results,

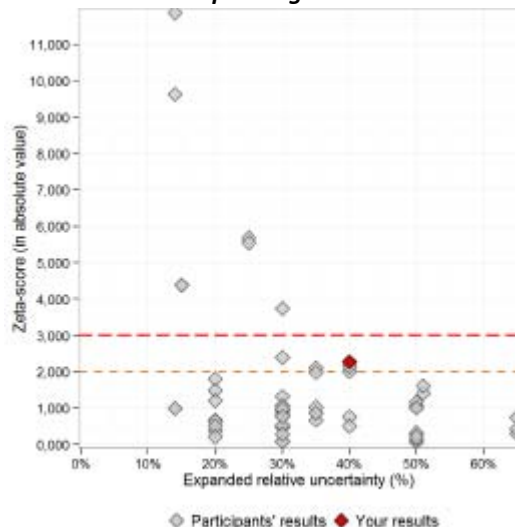

Your results easy to view and compare with the graphs

On 2 pages for each parameter, you will find your results, the reference and precision values and **your key data highlighted on all the graphs.**

Graphical distribution of means

Zeta-score distribution depending on the uncertainties

Easy to compare against other laboratories

Plus...

**YOUR RESULTS HIGHLIGHTED: MAKING IT FASTER AND EASIER FOR YOUR LABORATORY
 OPTIMIZE YOUR EXTERNAL QUALITY CONTROL**
