Bacteraemia

#### 20M85.2 - Blood - sent in June 2020 - Refrigerated parcel

Bacteraemia

#### 20M85.3 - Blood - sent in September 2020 - Refrigerated parcel

Bacteraemia

#### 20M85.4 - Blood - sent in November 2020 - Refrigerated parcel

Bacteraemia

### PARTICULARITIES

Bacteraemia: positivity delay (statistical appraisal), detection and identification of the bacterial strains, antibiogram.

Gram staining – resistance phenotype: the results observed by laboratories will be presented in the test report.

Pay attention, a specific programme for fungaemia exists: programme 89.

The documents of this External Quality Assessment are not translated into English at the time of writing the catalogue; however it is planned to translate them during the 2020 scheme.
